

**The solution
for large ant
colonies.**

Terro®-PCO 1% attacks your large ant colony problems.

Terro-1% is a liquid ant bait with a 1% borax active ingredient. It is very attractive to Argentine ants and other sweet feeding ants. Terro-1% is the perfect bait for very large or multi-queen ant colonies because the lower active allows for greater consumption, which helps spread the bait through large colonies.

- The 1% active ingredient is highly attractive to Argentine ants.
- Same full strength attractants as regular Terro-PCO (it's not a "diluted" Terro-PCO).
- Available in quart containers or large volume Triple Shot® bait stations.

Bait stations are printed in black & white to be discrete in the field.

Terro is a registered trademark of the Senoret Chemical Company. Triple Shot and Nisus are registered trademarks of Nisus Corporation. ©2011 Nisus Corporation #SS-BW-T1-1011a

CORPORATION
Green Pest Control Solutions

Ready-to-Use • For Control of Argentine and Other Sweet-Eating Ants
No unpleasant odors • Use Indoors • Use Outdoors • Attracts Ants Fast

ACTIVE INGREDIENT:

Sodium Tetraborate Decahydrate (Borax).....	1.0%
OTHER INGREDIENTS.....	99.%
TOTAL	100.0%

EPA Reg. No. 149-9-64405

EPA Est. 87127-TN-001

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

PRECAUTIONARY STATEMENTS

ENVIRONMENTAL HAZARDS: Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR USE IN AND AROUND: Homes, Hospitals, Restaurants, Apartments, Grocery Stores, Institutional Buildings, Schools, Cafeterias, Warehouses, Storage Areas, Food Processing Plants, Mobile Homes, Boats, Military Bases, Theaters, Nursing Homes and on Military, Commercial and Cruise Ships, Garages, Public and Private Institutions, Hotels, Motels, Pet Stores, Zoos, Kennels and Vending Machines.

ATTRACTS AND KILLS ALL COMMON HOUSEHOLD ANTS INCLUDING: Argentine ants, Ghost ants, Cornfield ants, Pavement ants, Acrobat ants, White footed ants, Little black ants, Odorous house ants, Crazy ants, Big-headed ants and other sweet-eating ants..

USING TERRO-PCO 1% LIQUID ANT BAIT: This product can be used indoors where ants are seen, including the edges of sinks, tubs, windowsills, under pallets, storage shelves, food cabinets, or appliances, along floors and baseboards and in corners and other area where ants may forage. Do not skimp on bait placements; the more bait placements the better. Since invading ants usually have outdoor nesting sites, it often helps to put the product outside, close to where ants are found entering the structure such as decks, loading docks, crawl spaces, fences, foundation perimeters, trees and other areas where ants may forage. Ants typically follow defined trails from the nest to food or water. Placing this product close to these trails will improve control.

CONTROLLING AND ELIMINATING ANTS: First ants will come in large numbers, but soon disappear. This product is specifically formulated to allow worker ants to consume the product and survive long enough to carry the liquid back to the nest and deliver a dose to the rest of the colony. The key to obtaining effective control is monitor the placements and ensure there is always a fresh supply of this product. Complete control may take up to two weeks.

USING TERRO PCO 1% IN BAIT STATIONS: This product will work well in most bait stations. Follow directions included with the bait stations to obtain best results.

USING TERRO-PCO 1% LIQUID AND BAIT PRE-FILLED BAIT SYSTEM: Terro-PCO 1% Liquid Ant Bait now comes as an easy-to-use pre-filled liquid ant bait. Ants will enter, feed and return to the nest where they will pass on the Terro-PCO 1% Liquid Ant Bait to the rest of the colony.

Hold the pre-filled bait station level and peel back seal to expose entry point to bait. Place baits label side up near ant trails or close to where ants are numerous. Place additional baits anywhere ants may enter your home. For best results, use all baits to ensure sufficient supply for the ants. Monitor bait station and replace station when bait is depleted or every three months. To prevent reinfestation or where infestation is great, maintain an uninterrupted supply of bait.

Outdoors: Place, at a minimum, 1 bait station near ant trails or other areas where ants may enter structures. More than 1 bait station may be needed to sufficiently control the ant population. **Indoors:** Place, at a minimum, 1 bait station near ant activity (for example, along baseboards in closets, behind or in cabinets, etc.).

Do not contaminate this product with other pesticides. If this product becomes contaminated with another pesticide it will lose its effectiveness. Do not apply directly to food and avoid contamination of feed and

foodstuff. When applying in vending machines, do not place the product in areas that would directly contact vending items. In commercial food handling facilities, cover or remove any food during application. In food handling and other areas, record the number and location of bait stations. This product is designed to be used as a residual treatment in an Integrated Pest Management program incorporating good sanitation practices. Do not treat pets with this product. Place stations in areas accessible to insects, but inaccessible to children and pets.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Store in a cool dry place. Do not store where children or animals may gain access.
PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY DISCLAIMER

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. To the extent not prohibited by applicable law, **MANUFACTURER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.**

Inherent Risks of Use

The directions for use of this product are believed to be adequate and must be carefully followed. It is impossible to eliminate all risks associated with use of this product. Lack of performance or other unintended consequences may result because of such factors as use of the product

contrary to label instructions, abnormal conditions, the presence of other materials, climatic conditions or the manner of use/ application, all of which are beyond the control of the Manufacturer. The buyer/user assumes all such risks.

Limitation of Remedies

To the extent not prohibited by applicable law, the exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability or other legal theories) shall be limited to, at Manufacturer's election, one of the following:

1. Refund of purchase price paid by buyer or user for product bought, or
2. Replacement of amount of product used.

To the extent not prohibited by applicable law: a) Manufacturer shall not be liable for losses or damages resulting from handling or use of this product unless Manufacturer is promptly notified of such loss or damage in writing; and b) **IN NO CASE SHALL MANUFACTURER BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES OR LOSSES, INCLUDING WITHOUT LIMIT, HEALTH RELATED DAMAGES OR INJURIES.**

The terms of this **Warranty Disclaimer** and **Limitation of Remedies** cannot be varied by any written or verbal statements or agreements. No employee or sales agent of Manufacturer or the seller is authorized to vary or exceed the terms of this **Warranty Disclaimer** or **Limitation of Remedies** in any manner.

It is not intended that this product be used to practice any applicable patent, whether mentioned or not, without procurement of a license, if necessary, from the owner, following investigation by the user.

MATERIAL SAFETY DATA SHEET

Terro®-PCO 1% Liquid Ant Bait

SECTION 1 – PRODUCT AND COMPANY INFORMATION

PRODUCT NAME: **TERRO®-PCO 1% Liquid Ant Bait**
Distributed By: Nisus Corporation
100 Nisus Drive
Rockford, TN 37853
Phone: (800) 264-0870
Fax: (865) 577-5825
EPA Reg. No.: 149-9-64405

SECTION 2 – INGREDIENTS INFORMATION

Sodium Borate Decahydrate 1.0% (CAS No. 1303-96-4)
[PEL-TWA 10 mg/m³; TLV-TWA 5 MG.M³]

SECTION 3 – HEALTH HAZARD INFORMATION

EYE CONTACT: Avoid contact with eyes. May cause eye irritation.
SKIN CONTACT: Not an irritant.
INGESTION: This material may be harmful if swallowed.
Acute Oral LD50 – Greater than 5000 mg/kg
Acute Dermal LD50 – Greater than 2000 mg/kg
Dermal Irritation – Not a primary irritant
Dermal Sensitivity – Not a sensitizer

SECTION 4 – EMERGENCY AND FIRST AID PROCEDURES

EYE CONTACT: Flush with water for at least 15 minutes with clean water. Seek medical attention if irritation persists.
SKIN CONTACT: Wash with soap and water.
INGESTION: If more than 1-2 ounces are ingested, induce vomiting and seek medical attention.

SECTION 5 - FIRE & EXPLOSION DATA

FLASH POINT: Nonflammable
EXTINGUISHING MEDIA: No known incompatibilities
SPECIAL FIREFIGHTING PROCEDURES: None
EXPLOSION HAZARDS: None

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Wipe up and place in clean dry container for later disposal and flush area with plenty of water.

SECTION 7 – HANDLING AND STORAGE

Store in a dry place. Keep container closed when not in use.

SECTION 8 – EXPOSURE CONTROLS AND PERSONAL PROTECTION

VENTILATION: General ventilation is adequate.
RESPIRATORY PROTECTION: None required.
EYE PROTECTION: None required.
HAND PROTECTION: None required.
NOTE: When used as a pesticide, the mandatory EPA PPE given on the label must be used.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

APPEARANCE/ODOR: Clear odorless liquid
BOILING POINT: 100 degrees •C
SOLUBLE IN WATER: Yes

SECTION 10 – STABILITY AND REACTIVITY

STABILITY: Stable
REACTIVITY: Hazardous polymerization will not occur
INCOMPATIBILITIES: Oxidizing agents
HAZARDOUS DECOMPOSITION PRODUCTS: Oxides of carbon

SECTION 11 – ECOLOGICAL INFORMATION

Large volumes may be phytotoxic and toxic to aquatic life.

SECTION 12 – DISPOSAL CONSIDERATION

Product as supplied is not classified as hazardous waste.
Dispose of large volumes in accordance with federal, state and local regulations.

SECTION 13 – TRANSPORTATION INFORMATION

D.O.T. CLASSIFICATION: Not classified as hazardous.

SECTION 14 – REGULATORY INFORMATION

SARA TITLE III DISCLOSURE: None

SECTION 15 – OTHER INFORMATION

The information and recommendations contained herein are based upon data believed to be correct. However, no guarantee or warranty of any kind expressed or implied is made with respect to the information contained herein. This information and product are furnished on the condition that the persons receiving them shall make their own determination as to the suitability of the product for their particular purpose and on the condition that they assume the risk of their use thereof.
