

iSTRIKE[®]

Insecticide Foam

iSTRIKE Insecticide Foam is your go-to product for WDOs. iSTRIKE kills on contact as the foam fills galleries, voids and holes, plus it even leaves a residual to continue protection.

Specifically designed for residential structures, the easy-to-use aerosol can comes with an applicator hose and two tips: one for narrow cracks and crevices or small holes, and a wide tip for larger holes and wider area application

- wood-boring beetles
- carpenter bees
- subterranean & drywood termites
- listed ants
