

QUARTERLY SERVICE PROTOCOL

INSIDE

Dust Niban-FG in attic and under bathroom and kitchen cabinets.

Apply Foam Fresh into all drains in the house.

Apply Niban into cracks and crevices under kitchen cabinets and behind stove and refrigerator

Apply MRB to inaccessible areas inside cabinets and drawers.

Apply Fireback and/or iSTRIKE into all plumbing penetrations.

Dust Nibor-D into wall voids after removing electrical outlet covers.

OUTSIDE

Foam iSTRIKE into weep holes to kill ants behind brick & stucco walls.

Apply Bac-A-Zap into garbage receptacles and recycling bins.

Apply Snake Out around the perimeter of yards to help keep snakes out.

Deploy multiple stations with Dominant along ant trails.

Apply Web Out on webs to make them easy to clean. Then apply to surfaces around doors, windows and lights to help deter spiders from building new webs.

Apply Niban around the perimeter of structure, outbuildings and woodpiles.

QUARTERLY OUTSIDE SERVICE

- If trailing ants are present, deploy multiple bait stations containing DominAnt along the trailing route.
- Apply Snake Out around the perimeter of back and/or front yards.
- Spray inside of garbage cans and recycling bins with Bac-Azap.
- Apply Niban around the perimeter of structure, outbuildings and woodpiles.
- Apply Web Out on webs to make them easy to clean. Then apply to surfaces around doors, windows and lights to help deter spiders from building new webs.
- Foam iSTRIKE into all the weep holes in brick walls.
- Using its straw, spray Fireback into cracks and crevices around doors and windows. Spray Fireback under thresholds, crawlspace vents and other points of entry.

QUARTERLY INSIDE SERVICE

- Dust Niban-FG into attics and under bathroom and kitchen cabinets for silverfish and firebrats.
- Apply Magnetic Roach Bait to inaccessible areas inside cabinets & drawers.
- Apply Foam Fresh into all drains in the house including the drains in kitchens laundry rooms and bathrooms.
- Apply Fireback or iSTRIKE into all plumbing penetrations in kitchens, bathrooms and laundry rooms.
- Apply Niban into cracks and crevices under kitchen cabinets and under and behind stove and refrigerator.
- Dust Nibor-D into wall voids by turning off power and removing outlet plates and dusting into wall voids. Reattach plates before restoring power.
